

# Put more work within reach.

**Whether you're excavating, loading trucks,  
or laying pipe, Deere's 350D excavator delivers  
the performance you need to get more done.**

- Extended engine and hydraulic fluid service intervals simplify maintenance, reduce costs.
- Redesigned cab: More leg room, and 47% more glass, for better visibility.
- Hydraulic fan runs only when needed: Saves fuel, reduces noise.
- Cooled exhaust gas recirculation. Meet Tier 3 emission standards without sacrificing efficiency.

**When you know how they're built,  
you'll run a Deere.**

HITACHI  Bobcat.

DYNAPAC SAKAI

**Quality that is built to last.**
